WMA Dues Categories 2020

The Council of the World Medical Association has advised the Secretary General that the dues assessment be changed from a flat rate of € 2.00 per declared member to a rate based on the World Bank's classification of the Constituent Members country's economy.

The dues rates for the year 2020 are as below:

| | |
|--|-------------------|
| Category A Low income economies | € 0,40 per member |
| Category B Lower middle income economies | € 0,95 per member |
| Category C Upper middle income economies | € 1,60 per member |
| Category D High income economies | € 2,15 per member |

These categories are provisional under the requirement that the annual dues payment for each NMA in Categories A, B, or C remain at least the same amount as the dues paid by such NMA in 2005, with a corresponding increase in the number of members. And the new baseline was approved by the General Assembly in Montevideo.
